

Algorithm to print all the node number having data parts containing even value

Monday, August 10, 2020 11:24 PM

Algorithm

Printeven(start)

If start=null
Print "list is empty"
Exit
End if

ptr<-start
count<-1

Repeat
If data->ptr%2=0
Print count
Exit
End if
ptr<-link->ptr
count<-count+1
If ptr=null
Exit
End if
End repeat
End
